PURPOSE: To formally transfer responsibility of Order No. 94-39 to Mr. Larry A. Read.

PUBLIC NOTICE: Public notification for this tentative order was posted via the Notifications Section of the Regional Board Agenda Notice for August 14, 2002 meeting. The Regional Board Agenda Notice was mailed on July 27, 2002 and has been posted on the Regional Board web page. In addition, a letter regarding this item was sent to Mr. Larry A. Read, owner of and facility contact for Oak Knoll Campground on July 18, 2002. This notification satisfies the requirements pursuant to State Government Code Section 11125 for a 10-day notice.

DISCUSSION: Oak Knoll Campground is located at 31718 South Grade Road, Pauma Valley, in the San Luis Rey Hydrologic Unit. On September 25, 1978 the Regional Board adopted Order No. 78-50, which established requirements for the subsurface disposal of up to 7500 gallons per day (gpd) of septic tank effluent from a 46 space recreational vehicle campground. The waste discharge requirements were subsequently updated in 1994 with the adoption of Order No. 94-39. In September 1999, park owner, Mr. Elmer Anderson, leased Oak Knoll Campground to Mr. Larry A. Read, who in December 2001 took over ownership of the facility. Mr. Read has been aware of his responsibility for maintaining compliance with this Order.

Currently, Oak Knoll Campground consists of 19 sewerred and 27 unsewerred recreational vehicle spaces. Wastewater from the park is disposed of via two septic tank/leach line systems.

Tentative Addendum No. 1 to Order No. 94-39 would, if adopted, identify Mr. Larry A. Read as the discharger responsible for compliance with Order No. 94-39.
